### 1. Limited Product and Power Warranties

Effective Date: January 1, 2023.

**PV Module(s).** This Limited Warranty is effective for photovoltaic modules from Maxeon Solar Technologies, Ltd. (“Maxeon”) installed in New Zealand with the model numbers listed in the Warranty Table sold after the Effective Date (the “PV Modules”). The PV Module(s) exclude any power electronic, external connector, jumper, microinverter or other external device included or sold with the PV Modules.

**Warranty Start Date.** The Warranty Start Date is the earlier of: (i) the date of array interconnection, and (ii) 6 months following delivery of the PV Modules. If the delivery date cannot be verified, then the manufacturing date will be used in its place.

**Product Warranty.** Subject at all times to the terms and conditions in this Limited Warranty, Maxeon warrants the PV Modules will be free from defects in materials and workmanship that materially impact the functioning of the PV Modules under normal application, installation, use and service conditions during the Product Warranty Term, as set forth in the Warranty Table.

**Power Warranty.** Subject at all times to the terms and conditions in this Limited Warranty, Maxeon warrants the PV Modules will have a Measured Peak Power<sup>1</sup> of at least the Guaranteed Peak Power during the Power Warranty Term, as set forth in the Warranty Table.

**Registration.** The 40-year Warranty Terms for applicable PV Modules are subject to the terms of this Limited Warranty and conditional upon digital “Registration” of the PV Modules in accordance with <https://sunpower.maxeon.com/au/solar-products/warranty>, including acceptance of applicable Maxeon terms of use and privacy policies. If the PV Modules are not digitally registered within 6 months of the Warranty Start Date, then the Warranty Terms are each 25 years, as set forth in the Warranty Table.

#### Warranty Table.

MICROINVERTER WARRANTY. THIS LIMITED WARRANTY EXCLUDES AND DISCLAIMS ALL WARRANTIES, CONDITIONS AND GUARANTEES PERTAINING TO THE MICROINVERTER(S) INCLUDED WITH THE PV MODULE(S). ENPHASE ENERGY, INC. (“ENPHASE”) PROVIDES A LIMITED WARRANTY (THE “MICROINVERTER WARRANTY”), WHICH CAN BE REVIEWED AT [HTTPS://ENPHASE.COM/WARRANTY](https://enphase.com/warranty) AND IN EXHIBIT B. ### 2. Customer Support, Claims Process and Coverage

Please contact Enphase at <https://enphase.com/support/> for all support issues pertaining to PV Modules that include an Enphase microinverter. Enphase will direct support issues, including potential warranty claims, pertaining to the PV Modules to Maxeon. You may contact Maxeon at [customers@maxeon.com](mailto:customers@maxeon.com) for claims covered by this Limited Warranty.

Maxeon may require additional information to validate the claim, including: applicable warranty registration information; itemized proof of purchase, delivery or installation information; serial and model numbers; and evidence regarding the basis of claim. All Maxeon obligations hereunder are expressly contingent upon the timely and full provision of such additional information that is reasonably required to validate the claim. Claims subject to the exclusions set forth in Section 4 will be rejected. Returned PV Modules will not be accepted unless prior written authorization has been provided by Maxeon.

For a validated claim made during the applicable Warranty Term, Maxeon will either repair, replace, or refund the covered PV Modules. Subject to Applicable Law, Maxeon has sole discretion in determining repair, replacement, or refund for each claim. For repairs and replacements, Maxeon will pay reasonable, customary transportation costs for the return of covered PV Modules from, and the shipment of repaired or replacement PV Modules to, the place where the covered PV Modules were originally delivered by Maxeon. Replacement PV Modules may be refurbished or remanufactured PV Modules, will be electrically and mechanically compatible with the covered PV Modules, and will have a substantially equal or greater power rating.

Subject to Applicable Law, for PV Modules originally installed in New Zealand by Maxeon, any affiliate of Maxeon, or a Maxeon Authorised Partner, Maxeon will pay reasonable, necessary, and actual removal and reinstallation service costs of repaired or replaced PV Modules, up to AU\$375 for up to 5 PV Modules and AU\$75 per PV Module thereafter; provided, (a) Maxeon has sole, reasonable discretion to select the service provider performing such services, and (b) Maxeon will pay the service provider for such service costs.

If Maxeon issues a refund under a valid Product or Power Warranty claim, then Maxeon will refund the original purchase price, minus the market price of any included external devices (such as a microinverter), for the first five years of the applicable Warranty Term, and

<sup>1</sup> “Measured Peak Power” is a measurement of the watt peak of a PV Module at Standard Test Conditions (1000W/m<sup>2</sup> irradiance, AM1.5, 25C. SOMS current, LACCS FF and Voltage from NREL calibration), as described in IEC61215, measured per IEC60904, and accounting for 3% measurement tolerance. Measured Peak Power measurements require a sweep rate of no less than 200ms to ensure an accurate power measurement. Maxeon can provide a detailed testing procedure or a list of recognized testing agencies upon request.

then linearly depreciate the refund amount by 2.78% per year for 40-year Warranty Terms, 13.5% per year for 12-year Warranty Terms, and 4.75% per year for 25-year and other Warranty Terms (the "Claim Value"), provided that for a valid Power Warranty claim, Maxeon will refund the Claim Value multiplied by the percentage difference between the Guaranteed Peak Power percentage and the Measured Peak Power percentage (both as a percentage of the Minimum Peak Power). If the original purchase price cannot be substantiated, then Maxeon will use the current market value instead of the original purchase price to determine the Claim Value.

### 3. General Conditions for Warranty Claims

- a) Any and all coverage, right, and performance under this Limited Warranty is expressly conditioned upon full payment (including full payment of any charges for interest or late payment) due to Maxeon.
- b) Maxeon has no obligations under this Limited Warranty if there are outstanding charges or payments for PV Modules that are the subject of a warranty claim.
- c) All warranty claims hereunder must be filed within the applicable Warranty Term. Any warranty claim filed outside the applicable Warranty Term, including any claim for a latent or undiscovered defect, is invalid and will be rejected by Maxeon.

- e) When PV Modules are used on a mobile platform of any type, such as a vehicle (not including trackers), the Product and Power Warranty Terms shall each be limited to 12 years.
- f) When PV Modules are used in a system over 500 kW or on a ground-mount application, such as a tracker or carport, the Product and Power Warranty Terms shall each be limited to 25 years unless written approval is provided by Maxeon and the PV Modules are digitally registered.
- g) PV Modules used with floating mounting systems are excluded entirely from this Limited Warranty unless prior written approval is obtained from Maxeon, subject to any terms, conditions, and changes as may be set out in such written approval.
- h) In cases of PV Module replacement, title to any replaced PV Module shall pass to Maxeon.
- i) All warranty claims must be filed by or on behalf of the warranty holder. Maxeon may require documentation to confirm the identity of the warranty holder, authority of the claimant, and the sale, delivery, and original place of installation of the PV Modules. Maxeon may reject warranty claims with insufficient documentation in its sole, reasonable discretion.
- j) This Limited Warranty is fully assignable by the warranty holder to a third party, provided: the warranty holder provides notice of assignment in accordance with <https://sunpower.maxeon.com/au/solar-products/warranty>, within 90 days of the assignment; the notice includes reasonable documentation evidencing such assignment; and the subsequent warranty holder completes digital registration of the PV Modules.

### 4. Exclusions

The Limited Warranty does not apply to any of the following exclusions, including any defect, failure, or power loss caused in whole or in part thereby. Maxeon will determine whether a claim is subject to an exclusion in its sole, reasonable discretion.

- a) PV Modules subjected to: (i) misuse, abuse, neglect or accident; (ii) alteration or improper installation (improper installation includes, without limitation, installation that does not comply with all Maxeon installation instructions and operations and maintenance instructions of any type, as may be amended and updated from time to time at Maxeon's sole discretion, and all national, state, and local laws, codes, ordinances, and regulations); (iii) repair or modification by someone other than an approved service technician of Maxeon; (iv) conditions exceeding the voltage, wind, snow load, and any other operational specifications; (v) power failure or surges; (vi) indirect or direct damage from lightning, flood, fire, hail or other acts of nature; (vii) damage from persons, biological activity, or industrial chemical exposure; or (viii) damage from impact or other events outside Maxeon's control.

- c) PV Modules installed in locations, in Maxeon's absolute judgment, that may be subject to direct contact with bodies of salt water.
